

K-8 Collaborative Goal Setting

Hello Parents,

Last year, we introduced collaborative parent/student/teacher goal setting as a part of our process of communicating student learning and growth. This approach involved a goal setting collaboration between parents, students, and teachers.

This time, we are adapting the process based on feedback and the knowledge gained from last year. **This goals worksheet is mandatory for all K-8 families and is essential for supporting the growth and development of your child in collaboration with your child's teacher(s).** Please use this worksheet to have a discussion with your child regarding goals for his/her development throughout the 2022-2023 school year.

Here are some details about the 2022-2023 Student Goals Worksheet:

- Last year, all goal sheets were standard and looked the same. This year, your child's teacher has worked with his/her division to develop a more age-appropriate goals sheet.
- Your child's teacher may have class goals that he/she is setting to work through with your child. These will be clearly established on the goals sheet.
- You will also be asked to work with your child to create between 1-3 goals for this school year, depending on his/her age.
- Your child's goals can be chosen from the list provided, or you can come up with your own.
- Your child's teacher will send home the goals sheet on **Monday, October 17, 2022**
- We ask that you return the Student Goals Worksheet to your child's teacher by **Monday, October 24, 2022.**

The school will not be having individual goal-setting sessions with your child's teacher this year. The goals will be discussed as an overall part of the regular parent/teacher interviews in November. The sign up for these sessions will be coming in the month of November.

We look forward to seeing your child thrive as s/he strives to reach these goals and celebrate his/her achievements in his/her digital portfolio. Your child's teacher is in the process of sharing your child's digital portfolio with you. If you have not received a sign up to myBlueprint, please contact his/her teacher.

Please expect to see your child's K-8 progress report, which is a snapshot of his/her learning and social/emotional development thus far, in November.

Sincerely,
Mrs. Stacy Sowerby
Acting Assistant Principal K-12
